

SC156 Lift and Slide Door System

The premium SC156 Door has been designed to meet the demands of projects that require the highest levels of thermal and weathering performance. Delivering a U-Value of $1.0\text{W/m}^2\text{K}$ (triple glazed), alongside superior water tightness of (1500 Pa), this highly sought-after system delivers enhanced capability without sacrificing style.

The elegant design features a slim interlock of 50mm and have been specifically created to provide greater design flexibility by enabling larger glazing areas to be achieved. The system's Lift and Slide technology uses high quality fittings that both ensure ease of operation and enables panel weights of up to 400kg to be incorporated into designs.

The SC156 is PAS 24-accredited and available in a range of configurations and options.

DESIGN FEATURES

- › Lift and Slide for smooth operation
- › PAS 24 Accredited
- › Exceptional AWW ratings
- › Low threshold of 23mm
- › Max 400kg panel weight

OPTIONS

- › Slimmer sightline of 50mm interlock
- › Accepts 24mm – 50mm double or triple glazing
- › Multiple sliding configurations
- › Mono or Dual rail options
- › Range of hardware and security features
- › Available in a range of single and dual colours, textured and anodised finishes

SPECIFICATIONS
